Map Revision: Summer 2008. Please note that some trails have been changed, please review the map before your trip or take a copy with you. You can pick up a copy of this trail map at one of the park entrances, either at the corner of Portola Pkwy & Market or off of Glenn Ranch Road in Lake Forest. Of course, you can print this one out now and bring it with you as well. Click on the image below to open the full sized map in Adobe.
